Capital... The Key to Success

Per SBA insufficient capital is a main factor that drives business failure. The main problem business owners face is they don't know where to go to get capital.

Where would you go if you need money, your bank?

Per the Department of Revenue less than 1.5% of business loans come from conventional banks. Most money now comes from alternative lending sources and programs. You have an accountant to help with taxes, and attorney to advise on legal matters, but do you have your own funding expert? We want to be your funding professional helping you get access to the most amount of money at the best terms.

And we deal with most types of legitimate funding available today. This means:

- You can get funding even as a startup
- Get business loans even with credit scores as low as 500
- Get approved for financing with no collateral

Take a look at some of the many types of business loans we can help you with:

Purchase Order Financing	Inventory Financing
Account Receivable Financing	401k Financing
Securities-based Credit Lines	Equipment Financing
Private Equity Financing	Cash-flow Financing
Business Credit Cards	Business Lines-of-Credit
SBA and Alternative SBA Loans	10 Year Term Loans

Contact us today to get financing for your business even if you are just getting started, don't have collateral, or have personal credit issues.

GET BUSINESS CREDIT & FINANCING TO START & GROW YOUR DREAM BUSINESS

Entrepreneur reports that 90% of business owners know nothing about business credit. Those entrepreneurs who do have business credit have unprecedented access to credit to grow, better terms on business loans and credit lines, and per SBA have a much greater chance of surviving and thriving.
